**The Explorer's Sheet**

**Explore and know: -**

Technology has given people the option to start their own businesses from home. Example- ayurvedic soap-making. Find out the new-age cottage industries and how technology is helping them to grow.

Do you know any craft which you can make at home and sell? If yes, share in the form of a PPT with details of how you would like to monetize it.

In modern times, there are many crafts which are on the verge of dying. Only a few families have the knowledge and are still doing it from their homes. Example Bidriware of Telangana. Find more information about such crafts.

Find out what are the other small-scale and large-scale industries in India.

**Unleash the writer in you**

If you think you have written/ collected interesting information on the topics above and wish to share with others, send your unique article in word document along with the relevant images (in jpeg format) to [contactpracticenlearn@gmail.com](mailto:contactpracticenlearn@gmail.com). We will be happy to publish it. Do remember to share your name, age, email ID, school name and a picture along with your work.
