

Passage Comprehension -1

Sarah's Garden Adventure

One sunny morning, Sarah decided to help her grandmother in the vegetable garden. The garden was filled with colorful tomatoes, crunchy carrots, and tall green beans. Sarah put on her yellow gardening gloves and began pulling weeds. While working, she spotted a tiny butterfly with orange and black wings resting on a tomato plant. Sarah watched carefully as the butterfly flew from flower to flower. Her grandmother explained that butterflies help the garden grow by carrying pollen between plants. At the end of the day, Sarah's grandmother gave her three fresh carrots to take home as a reward for her hard work.
