

The Explorer's Sheet

The Treeless Grasslands

Treeless grasslands talks about the Prairies located in the Central North America. Design a chapter about any one of the other grasslands- either Steppes of Asia, Downs of Australia, Pampas of South America or Velds of Africa. Take cue from your chapter to cover all topics like location, climate, vegetation, wildlife, economic activities etc. Add pictures and maps.

Unleash the writer in you

If you think you have written/ collected interesting information on the topics above and wish to share with others, send your unique article in word document along with the relevant images (in jpeg format) to contactpracticenlearn@gmail.com. We will be happy to publish it. Do remember to share your name, age, email ID, school name and a picture along with your work.
